BOMBAY COTTON MARKET

BOMBAY MARKET.

COTTON.

(FROM OUR CORRESPONDENT.)

Bombay, June 25.

A rise of 18 points in old crop and 18 to 19 points in new crop in New York futures has been reported to-day. The market advanced on short covering on reports of further rains in the West. Liverpool has been reported 1 point lower.

Messrs. Thomas Smith and Co.'s report:—

Private estimates on the crop condition are nearly all increased and it looks as though the Government Report on the 2nd July will be bearish.

Crop scares during July and August are almost inevitable, but for the time being we prefer to adopt a waiting policy.

Messrs. Umrigar and Vesugar's New York friends, Messrs. A. Nordon and Co., cable under date 24th instant as under:—

Market advanced on more demand, further rains in the West and fear of insects."

In response to a moderate advance reported in New York futures the Marwari Bazar opened this morning at Rs. 340½, i.e., a rupee and a half higher than yesterday's closing rate for Broach July/August and advanced to Rs. 341 on Commission Houses and Shroffs buying. At this rate the market remained steady and closed at Rs. 340½. Whilst new Broach April/May opened at Rs. 321½ and fluctuating within a very narrow limit closed at Rs. 321½, Japanese Houses and Shroffs were moderate buyers. At Cotton Green the market opened at Rs. 321 and going down by a rupee on selling by Bazar operators closed at Rs. 320½.

Oomra July opened at Rs. 325½ and closed steady at Rs. 326½. One Japanese House was a moderate buyer. Oomra January opened at Rs. 306 and advanced to Rs. 308 on Shroffs buying and closed at Rs. 307½. Bengal July and January were quoted Rs. 256½ and Rs. 253 respectively.

Our market for ready cotton remained quiet yesterday and the demand was moderate.

The glory of Motherhood
is yours. Your baby's welfare is dear to your heart and the very first provision you can make for baby's welfare is to nurse him yourself.
Breast-fed babies sleep well, wake happy and gain weight week by week with clockwork regularity. They are free from the risks and dangers which continually threaten artificially-fed babies, such as infantile diarrhœa, rickets, malnutrition.
If you have any difficulties in feeding baby as Nature intended, they can all be overcome if you take Lactagol. Lactagol increases the flow and enriches the qualities of mother's milk, so that baby's appetite is fully satisfied. It also strengthens mother and removes every trace of fatigue and overstrain.
Eminent medical specialists have given case where
LACTAGOL
FOR EXPECTANT & NURSING MOTHERS
has restored breast-milk after weeks and months of suppression; also many cases where mothers, unable to feed previous babies, have fed a later one with the aid of Lactagol. Every mother, therefore, should take Lactagol before resorting to bottle-feeding. Obtainable from all Chemists.

TRADE AND FINANCE.

WEEKLY MRKET REPORT

COTTON.

WEEKLY REVIEW.

FOREIGN MARKETS.

During the week under review Home markets have been fluctuating but on the whole showo a moderate rise in New York and a slight change in Liverpool as compared with last week. Early the market eased on some long liquidation, but later improved on short covering of near positions. At the close ethe market was steady.

After fluctuating in the main during the preceding week, the American market has again ruled on distinctly narrow and uninteresting lines with very little price movement, although the tone on the whole has maintained a steady feeling despite continued favourable crop prospects.

Various pointers for the first condition Report has been circulated within the last few days and amongst them the highest so far to hand indicating a figure of 77.4 per cent. with a crop estimate of 16,000,000 bales. Let us see what the Official document which is going to be published in America on the 2nd July has in store for us; but should a figure very near to that mentioned above be confirmed by Government it will doubtless have an adverse effect on the market, and in that case may bring about a sudden collapse in prices. Judging by the crop outlook and the rapid and excellent progress which it has hitherto made, we feel certain that a large acreage is in evidence especially in view of the heaivy carry over of last season's cotton.

Weather reports during the week have continued favourable and the Weekly Government report to hand reported that excluding the extreme North and some part of the West where excessive rains have fallen, conditions generally have been satisfactory throughout the rest of the Cotton Belt.

The trade is getting increasingly hampered by the prolongation of the Coal dispute and all sorts of measures to bring about a settlement have so far proved futile. In the meanwhile, it is a distinct source of anxiety to manufacturers and Spinners alike, and its effect will be more in evidence as days pass by, but we believe that the end of the struggle will be somewhat sudden, and we fervently hope that when this occurs it will be a source of relief to all other strades.

Reports from Manchester are still far from satisfactory and except for a moderate business being put through, there is nothing of importance to report.

On the whole, we see nothing in the situation to warrant any serious movement either one way or the other until the issue of the first Agricultural Bureau Report due on the 2nd proximo, which will decide the fate of the market. Any adverse news concerning the crop during the latter part of July and August is bound to create a scare thereby causing a rapid upward movement, and should the market suddenly collapse under the influence of bearish Government report, we would certainly feel incline to operate cautiously on the Bull side, as there will be innumerable opportunities of liquidating purchases on a satisfactory basis.

LOCAL MARKETS.

As regards the position of our market there is very little change in prices to report from those ruling when last we wrote, and the tone is featureless at the moment. Scarcity of rains in the cotton growing districts is now beginning to create anxiety and unless we have good rains in the various districts very shortly prices are likely to harden.

The demand for ready cotton has fallen off during the week and buyers, beyond their urgent requirements, prefer to remain out of the market.

The following were the changes in the Home markets as compared with last week:

	Last week.	This week.
New York July	17.87	18.07+20

LOCAL FORWARD MARKET.

Fully Good M. G. Broach July/August opened on the 18th inst. at Rs. 342½ and gradually eased to Rs. 335½ on Commission and Japanese Houses and Shroffs selling On Exporters and Shroffs buying the values recovered to Rs. 340 and after small fluctuations the market closed on the 24th inst. at Rs. 339. New Broach April/May opened on the 18th inst. at Rs. 319 1/2 and gradually declined to Rs. 314½ on selling by Commission Houses and Shroffs. From this level the market after sharp fluctuations advanced to Rs. 320½ on Shroffs and Japanese firm buying and closed on the 24th inst. at Rs. 320.

Fine Oomra July opened at Rs. 327 and gradually gave way to Rs. 320 on selling by a Japanese firm and Shroffs. At about this level some prominent Shroffs were buyers and the market went upto Rs. 325 and closed on the 24th inst. at Rs. 325. Whilst December/January Oomra opened at Rs. 309 on the 18th inst. and eased to Rs. 298 on Commission Houses and a Japanese firm selling. The market advanced from this level to Rs. 306½ on buying by Commission Houses and Shroffs and closed on the 24th instant at Rs. 305. F. G. Bengal July opened at Rs. 255 and closed at Rs. 255 the highest being Rs. 255 and the lowest Rs. 250. Whilst December/January opened at Rs. 250 and closed at Rs. 251½ the highest being Rs. 251½ and the lowest Rs. 245.

PIECE-GOODS.

A quiet tone has prevailed in the Cloth market during the past week. The absence or wholesale as well as retail demand is attributed to the want of rain in the cultivating districts. The monsoon this season has been rather late and some anxiety has been felt on this account. Until some favourable news is forthcoming no improvement in the demand can be looked for—no fresh developments in the trade situation have been visible, and in the absence of business, current prices have not been sufficiently tested and have remained nominally steady. Here and there some needy sellers have been too willing to meet buyers by offering concessions in prices, but purchasers have preferred to remain aloof at the moment, adopting a waiting policy. It is in Grey Jaconets alone that the tone is firmer, after the suicidal policy, adopted recently by the merchants, of cutting down the rates in competition with each other. The firm rates quoted on the other side and the scarcity of stocks here have helped to bring about this improvement.

In Grey Shirtings of Manchester make there is hardly any change to report. It is, however, reported that about 300 bales of 39 inches standard Red End Grey Shirtings have been sold by the leading importing firm to Bombay merchants at a rate fairly lower than the current market price. The last sale was made to Karachi Dealers, Grey Drills have been easier White Shirtings have been steady. 40 inches by 18 yards White mulls have declined in values. There has been no change in the position of White Nainsooks. 44 inches by 38 yards Japanese Grey Shirtings No. 2800 have appreciated in value by twelve annas per piece, owing to stocks being scarce.

The Manchester Market has been quite irregular. The continuation of the coal strike has made the outlook very uncertain, as several Spinners and manufacturers have been compelled to restrict the production owing to the shortage of coal. It is reported that many shippers are prepared to book orders with manufacturers on the understanding that an extension of time will be granted for the completion of contracts if the delivery falls late on account of the shortage of coal.

Local Mill Cloths have been steady, but with very little doing. Unsold stocks at the mills have been on the increase and as values of the raw material are expected to be easier as the season advances, it is feared that losses will have to be incurred. The Petit Mills are reported to have sold Calendered Shirtings at 15 annas per lb. The Bakr-Id Riots at Delhi and other places have restricted the demand from those quarters.

The quotations for the leading chops of Greys and Whites are as under:—

CALCUTTA SHARE MARKET

CALCUTA, June 24.

In the share market jutes manifested a quieter feeling to-day and there was less doing on the whole in view of the small outside support in evidence. In coals a few deals of an uninteresting nature were reported. In teas though demand remains restricted prices show little indication so far of any quotable weakening. In rubbers a fair enquiry existed at firm rates. In miscellaneous nothing of any particular note took place in this section. Government securities were quiet. Following were the closing quotations:

Government securities:—3 1|2 per cent. Government Paper Rs. 76|15, 4 per cent. new Loan 1960-70 Rs. 88|2, 5 per cent. War Loan 1929-47 Rs. 101|8, 6 per cent. Bonds 1927 Rs. 102.

Make your Teeth Strong with Kalzana

Very few people get enough calcium from their ordinary food. Yet medical science insists that it is the most important of all the minerals needed by the body. Kalzana is calcium in a palatable, easily digested form. Take a few tablets daily and provide your system with the material it needs to form strong, sound teeth, capable of lasting a life-time.

A Doctor of Dental Surgery writes: *"Kalzana makes the teeth strong and hard and so stops tooth-decay. I have often seen extraordinary results even after a few weeks' use."*

Look at your children's teeth. If the first set shows decay take heed of nature's warning. Let Kalzana help to produce a perfect second set. The most persistent use of the tooth-brush cannot indefinitely protect weak, poor quality teeth against decay.

Expectant and nursing mothers need Kalzana. It makes good the excessive loss of calcium, protects the teeth against decay and secures strong, safe teeth to their children.

COLOUR BAR BILL

A PARSI PROTEST

The following resolution was unanimously adopted by the Council of the Parsi Central Association at its meeting held on Thursday last and the same has been forwarded to the Government of India:—

"That the Council of the Parsi Central Association raise an emphatic protest against the fresh move of the South African Government in the direction of anti-Indian Legislation under the name of the Colour Bar Bill by which it is sought to gradually and systematically drive out the Indians and other coloured races from their habitations and settlements which they have taken years to build up, and in which they have invested a very large capital earned by their honest and hard industry. The said Bill also endeavours to establish a grossly regrettable distinction between the White and other Coloured races to serve the selfish ends of the former against all accepted principles on which subsists the fair name of the British Empire of which the Indians form an integral part."

'TEMPTRESS" CASE SEQUEL.

MR. HORNIMAN'S APPLICATION. DISMISSED.

COMPROMISE TO STAND.

The application filed by Mr. B. G. Horniman against Thackersey, author of the "Temptress" as a sequel to the "Temptress" defamation case was disposed of on Friday by the Fourth Presidency Magistrate.

In the course of his judgment the Magistrate referred to the defamation of the complainant by the accused in the "Temptress" and the compromise the parties had arrived at. The present application was filed in the Court for setting aside the compromise for the alleged defamation of Mr. Horniman in a Marathi pamphlet written by the accused. The defamatory portion referred to ran as follows:—

".....In the meantime the high sense of justice of the "Bombay Chronicle" was overflowing, (at that time) this affair was given so much colouring that before that colouring the flirtations of the prostitute Mumtaz count for nothing. At that time every one had in his mouth no other word but the fire-spitting Horniman and Sundra Bai."

The Magistrate thought that the compromise could be set aside only if there was any fraud on the part of the accused regarding it. There was no such fraud, and if the complainant thought that he was defamed in the Marathi pamphlet it was open to him to file another regular complaint. His Worship, therefore, dismissed the application.

There was then a discussion as regards the publication of the apology tendered by Thackersey in the "Temptress" case.

Mr. Gadkari who appeared for the accused contended that as almost all local newspapers had published the apology, it was not necessary to get it published again as an advertisement. Mr. Azad, counsel for the prosecution, was prepared to concede the point if the defence undertook to publish it in the "Pioneer." This was agreed to.

TRAMWAY FARE CASE.

MR TAIRSEE LOSES IN APPEAL

"CORPORATION ALONE CAN HAVE CAUSE OF ACTION."

As is well known Mr. Lakhmidas Raoji Tairsee, a member of the Bombay Municipal Corporation had successfully sued the Bombay Electric Supply and Tramways Co., lately in the Small Causes Court for the recovery of two annas, being, as alleged by him, "excess fare" paid by him for four tickets on the Tank Bunder extension of the Tramways Company who had preferred an appeal against that decision in the Appellate Bench of the same Court who gave then judgment on Friday holding that Mr. Tairsee had no cause of action and that the plaintiff-respondent had no right as an individual citizen to sue the Company.

Messrs. K. M. Jhaveri and Chitre, the Judges who heard the appeal, discussed at great length the position of the present Tramways Company whether it was a successor or transferee to the original Tramways Company. They held that any infringement of the conditions of the deed could be met by the penalties provided as between the Tramways Company and the Municipal Corporation. That could be done only at the instance of the Corporation and not of a member of the public.

The increased charge had been levied for nearly sixteen months, without any protest, and letter after letter of the Company remained unanswered by the Corporation, so the Company took silence for consent.

Whatever that might be, the Chief Judge found that the charge levied was not illegal so far as the present claim was concerned. In a much stronger case, where not a single individual but a number of individuals were aggrieved by the acts of a Company like the appellant-defendant Company and a suit was filed on behalf of them all on a similar count as in the present, it was held that not they but the Corporation had a cause of action. His Honour, therefore, dismissed the suit.

Mr. Chitre delivered a concurring judgment.

BOMBAY MERCHANT IN TROUBLE.

ALLEGED CHEATING.

Mr. Abdul Latif Haji Mahomed of Messrs. Haji Suleman Hassain & Co. charged Mr. R. F. Lichmore of the Lichmore Brothers (against whom three warrants have already been issued) with cheating in respect of Rs. 6,000 which sum was paid to him on his representing that he would deliver 500 bundles of galvanised iron sheets on June 20—and which was yet undeliveded—and obtained a warrant bailable in Rs. 6,000 and a surety for the like amount the surety to deposit Rs. 1,000 in cash, against him.

Another warrant bailable in Rs. 7,000 and a surety for the like amount the surety to deposit Rs. 1,500 in cash was issued against Lichmore at the instance of Messrs. Ahmed Abba Kalodi of Koliwada Bombay. The latter firm stated before the Chief Presidency Magistrate on Friday that they had given Rs. 15,417-0-3 to Lichmore in anticipation of delivery of 500 bundles of iron sheets. They got, however, only 250 bundles of iron sheets; and Lichmore had applied for insolvency before he delivered the remainder of the goods valued at Rs. 7,000 and odd. They therefore charged him with cheating.

Both the warrants were made returnable to the Third Presidency Magistrate. At the request of Mr. Gondinho the aggregate sum f cash to be deposited for all the warrants against Lichmore was put to Rs. 20,000 instead of Rs. 32,500 to which it actually came.

WHEN BUTCHERS FALL OUT.

AN INCIDENT IN A BROTHEL

A BANDRA BUTCHER STABBED.

A squabble on Wednesday night between some butchers of Bombay and Bandra in a brothel at Falkland Road resulted in the fatality of a Bandra butcher at the same place the following (Thursday) night.

Some butchers of Bandra went to the brothel of one Fatmabai at Falkland Road on Wednesday night. Their presence their Bombay confreres objected to. Then followed a exchange of hot words and scuffle for some time. Some friends, however, intervened and cooled them down but they swore to take revenge the following day if they met there again. On Thursday about 10-30 p.m. they again met at the brothel and the Bombay butchers who had mustered strong that day led the attack upon the Bandra men. Haji Usman Abu, a Bandra butcher who was in the front of the fight received stab wounds with a penknife on the stomach and collapsed. His assailants taking him for dead, took to their heels immediately. The police who came later on removed the injured man to the J. J. Hospital but he died on the way. The assailants are still at large and the police are making enquiries.

KNOCKED DOWN BY AN ENGINE

On Wednesday morning one Mabharu Raoji employed in the Construction Department of B. B. and C. I. Railway at Parel was crossing the railway lines with a bucket of water on his head when he was knocked down by a shunting engine. He sustained injuries and was removed to J. J. Hospital where he subsequently died. At an inquest held by the Coroner the jury returned a verdict of accidental death.

A SUSPICIOUS DEATH

The Coroner held an inquest touching the death of Chunilal Purshotam Pandya, a Hindh ticket checker of Arya Niti Natak Mandali who was found dead in the Victoria Theatre on Friday morning. From the evidence of Mr. Nakubhai Kalubhai Shah, the proprietor of the Arya Niti Natak Mandali it appeared that the deceased joined his theatre about 11 months ago at Karachi. He was a habitual drunkard. On Thursday night he the deceased went to the Laxmi Kant Theatre to see a drama. On Friday morning he was found dead.

The Coroner sent the deceased's viscera to the Chemical Analyser to the Government and postponed further enquiries.

RUN OVER BY MOTOR CAR

On Wednesday night Mohmed Rahman a Mahomedan aged 45 years was knocked down by a motor car No. 8642 at Pydhownie which was driven by Chandniya a Mahomedan driver. The injured man was removed to J. J. Hospital where it was ascertained that he had sustained rupture of intestines. He died subsequently. At an inquest held by the Coroner the jury returned a verdict of death being run over by a motor car driven by the suspect Chandmiya in a rash and negligent manner.

HONGKONG BANK ACCOUNTANT IN COURT.

Mr. L. Evans, Chief Accountant of the Bombay branch of the Hongkong and Shanghai Banking Corporation who was arrested at Aden on board the s. s. Razmak by which he proceeded on leave to England, on the authority of a warrant cabled by the Commissioner of Police for Bombay, was brought back to Bombay on Friday morning and was placed before the Third Presidency Magistrate at the Esplanade Police Court the same noon.

Inspector Hirst stated that the Agent of the Hongkong and Shanghai Banking Corporation had complained that Mr. Evans had committed criminal breach of trust in respect of Government securities valued at Rs. 5,40,000 and had made some false entries in the books of the Bank's accounts. On this the C. I. D. had made investigations and had got the accused arrested and brought to Bombay. As the investigations were not complete, he applied for the remand of the accused into police custody till July 19th.

The Magistrate granted the remand.

The accused was undefended, while Mr. Blunt of Messrs. Craigie Blunt and Caroe, Solicitors, represented the Bank.

THE SCHOOL OF ECONOMICS.

The School of Economics of the University of Bombay has latterly come into some prominence as a result of the vendetta against Prof. K. T. Shah carried on by certain individuals through the hospitable columns of the "Times of India". The Senate of the University had on the agenda for its last meeting the Syndicate's proposal for the renewal of Mr. Shah's services as Professor of Economics. Taking advantage of this proposal the "Times of India" published, on the eve of the Senate meeting, an article the writer of which, under the cover of making constructive suggestions about the future of the School, indulged in ill-concealed vilification of Prof. K. T. Shah. That the article was published with the definite object of prejudicing the members of the Senate against Prof. K. T. Shah was quite clear. The method adopted to secure this object was as unworthy as the insinuations and charges made against Prof. Shah were baseless. In fact, so evident was it from both the manner and matter of that article that it was calculated to defeat its own purpose that we did not think it necessary to emphasize the obvious, especially as we felt sure that the members of the Senate were too keenly alive to their duty of safeguarding the interests of the University to allow a campaign of petty-minded intolerance and spiteful vituperation to influence their judgment and too shrewd not to realise that in engaging the services of an economist of Prof. Shah's calibre and accomplishments, the University was adding to its own prestige. Nor have we any desire at present to discuss the merits of the issue raised by the Syndicate's proposals regarding the renewal of Prof. Shah's services. In fact Prof. Shah has himself made a special request to us to refrain from such discussion as he is content to be judged by his colleagues on the Senate and, if need be, to defend himself. But we think it is only fair and proper that the attention of the members of the Senate as well the public should be drawn to the true nature of the campaign being carried on against Prof. Shah. This campaign is characterised by insidious private canvassing and subtle vilification of which the article in the "Times of India" was merely an expression. The manner in which our morning contemporary has lent its support to this campaign reflects no credit on Anglo-Indian journalism of which fair-play and sportsmanship has, with rare exceptions, not been distinguished characteristics. Soon after the "Times of India" published its tirade against Prof. Shah, Mr. B. F. Bharucha sent a rejoinder for publication in that journal. It was suppressed. Mr. Lakhmidas Tairsee's effort in that direction also met with the same fate. It is true a letter from an ex-student of the School of Economics was published, but the suppression of the letters of Messrs. Bharucha and Tairsee and that of Mr. K. J. Khambata, which we reproduce elsewhere, was deliberate because they presented a complete answer to the offending article published in the "Times" in which the writer had sought to prejudice the Senate against Prof. Shah and to misrepresent the Syndicate. We confess it is no surprise to us that the "Times of India" has given this fresh proof of journalistic fairplay and we have no doubt, after this proof, both the members of the Senate and the public will give to the propaganda of which it is one of the instruments, the treatment it deserves. They will ignore it.

PETTY SQUABBLES.

Bengal Congress politics seem to have taken an ugly and perplexing turn in the last few months. New groups have been and are being formed within practically the same party, differing not on broad questions of policy but on matters of detail. Almost all members of the Provincial Congress Committee are agreed in their loyalty to Congress and to its policy as formulated at Cawnpore, including both work in the Councils without acceptance of office and work outside. As regards the Pact, round which the controversy still rages it is a great pity that those who are up in arms against the leadership of Mr. Sen Gupta should, while reiterating their desire for "a real settlement between the Hindus and the Muslims", proceed to do so by decrying the great constructive effort which Deshabandhu Das made in bringing about that happy consummation. The Pact can certainly be and ought to be revised the moment either of the parties to it feels dissatisfied about it. That is an intelligible attitude, and it is far better than the astonishing one assumed by Mr. Goswami and his co-signatories when they say that to them the Pact is "certainly a manifestation of the large-hearted sympathy" of C. R. Das "for all the communities in India" and proceed to assert "we do not, therefore, desire to deceive our Muslim brethren by holding something which we cannot enforce now". In other words, according to Mr. Goswami and his friends, the Pact must go. It would have been better had they in their statement told their Muslim brethren what should replace it.

As for the composition of the Congress executive, all are agreed that no one is to be banned merely because of his antecedents. Complaint has been made again, the President being empowered to nominate about half the number of members of the executive. Such a cabinet method, though unusual in the general Congress organisation, has not been so in the past in Bengal. In any case, neither this nor the other points of difference are any justification for the squabbles now going on. When there is so little disagreement on questions of principle, why should there be this unseemly indulgence in manifestoes, replies, retorts and nasty innuendos? The impression that they leave on a detached mind is that the differences are more personal than those of principle. The quarrels are not only unseemly but, at the present critical hour, they are suicidal. What a preparation for celebrating the "Shraddha" anniversary of Deshabandhu Das! We trust the Working Committee which is to meet shortly in Calcutta will help to compose these differences.

"OUR NEWS VENDORS"

We have received the following letter from the Associated Press, Simla:—

SIMLA, 23rd June, 1926.

Sir,—Your editorial note in the issue of the 19th June, under the heading: "Our News Vendors" casts an unjust aspersion on the Associated Press. The statement alleging the wholesale prohibition of the picture of cow emanated first from a public association in Bombay, and was wired on its definite authority. But the Associated Press did not rest content with that; they immediately asked the Political Department in Simla to obtain confirmation or denial of the report. After some time they got a sort of a denial and the following statement was accordingly issued to the Press:—

"Simla, May 4.—The brief and cryptic message circulated by the Bombay Hindu Sabha on the authority of an incomplete report from the Hyderabad State that all pictures of cows have been prohibited in the State territory gave misleading information on the subject. Indeed the mischief done by such misrepresentation is incalculable for most of the interested newspapers published it with flaring headlines and commented on it bitterly. On the face of it the news looked without basis, for it implied nothing less than a Jehad against Hindu subjects. A statement from the Nizam's Government received here shows that the prohibition order relates only to pictures of cows with a verse from the Koran inscribed under their feet. It appears that such pictures have been imported by the Hindus in Gulbarga from Poona and other places. Considering that Gulbarga was the scene of Hindu-Muslim riots last year, the prohibition order is absolutely justifiable. The Hindu Sabha should therefore take steps to publicly condemn such pictures and take steps to punish those who disturb the peace and tranquillity of the locality concerned by publishing them."

Even before the above modification of the original report came from the Political Department, Mr. Hasan Nizami of Delhi issued a disclaimer which was duly published in the North India papers. And when a few days ago the Nizam's Government published their communique to which you have referred, this was also broadcast by the Associated Press. You will thus realise that the Associated Press has done its duty in the matter and the comments of the "Bombay Chronicle" are, in the circumstances, unwarranted and unjustifiable. Will you, in fairness to the Associated Press give this letter the same publicity as was accorded to your note?"

We gladly give publicity to the above. The authorities of the Associated Press evidently labour under a misapprehension regarding our comments. Our comments were made on the rashness with which the Bombay office of the Associated Press broadcast, on the authority of the local Hindu Sabha, the original message without ascertaining the truth of the allegation from the Hyderabad State which could easily have been done through its Hyderabad or Secunderabad correspondent. It is true that the Associated Press did not rest content with broadcasting this message. But the steps it took subsequently are beside the point. Sufficient mischief had already been done and its nature and extent are best indicated in the message from Simla, dated May 4 quoted in the above letter: "Indeed the mischief done by such misrepresentation is incalculable; for most of the interested newspapers published it with flaring headlines and commented on it bitterly". That mischief would easily have been avoided if the Bombay office of the Associated Press had taken the ordinary precaution—a precaution doubly necessary in these days when communal madness is running riot—of ascertaining the truth of an allegation which "on the face of it looked without basis".

Notes of the Day.

A Question of Initiative.

In spite of the opposition of the whole of the Labour Party and a good few Liberals in the House of Commons, the Baldwin Government are rushing through their Mining Industry Bill, but they find it difficult to refute the charge made against them that in bringing up this measure, they have postponed consideration of the most practiial recommendations of the Coal Commission and proposed something which runs counter to the spirit of the Commissioners' Report It leaves amalgamation to the voluntary act of the coalowners. It refuses to deal with the question of purchase of mineral royalties. The question is: Who is to take the initiative in a systematic reorganisation of the coal industry? The Labour Party rightly contends that the Government must do so, but the latter have left the initiative under their new Bill to the coalowners, whose attitude regarding amalgamation in notorious. They do not propose to budge an inch, and the new measure is bound to fail in improving the situation.

More Researches.

Prof. Jadunath Sarkar will have to look to his laurels. There is going to be heavy competition with him in respect of researches into Shivaji's life and character. The Nagpur Responsivists celebrated the Shivaji Coronation Day on Wednesday and their leaders announced for the purpose of furthering their present political propaganda, the amazing discovery that Shivaji was a Responsive Co-operator. Mr. Kelkar, one of the lesser lights of Responsivism, is responsible for this discovery. Did not Shivaji accept "Chouth" and "Sardeshmukhi" under the "Muslim yoke?" That is enough to enable them in Nagpur to drag him down in the present controversy and inflame the Mahratta mind not only against the Non-Cooperation ideal of Mahatma Gandhi, but incidentally against the community regarding which protagonists of the Hindu Sabha like Dr. Moonje miss no opportunity of making adverse criticism. The Nagpur Mahratta leader agreed, of course, with what Mr. Kelkar said.

Mischievous Doctrine.

The name of Lokmanya Tilak has been brought in for furthering this propaganda about acceptance of office and his utterances have been divorced from their context and utilised to support the cause of factious politics. Now comes the use of Shivaji's glorious name, for the inglorious purpose of advancing the same propaganda which would have been foreign to his ideas and times. In the importation of his name there is the additional danger of giving an anti-Muslim turn to the controversy, but evidently our Nagpur stalwarts of Responsivism do not see the iniquity of the step and the harm it is likely to do to national interests. It is time our politicians learnt that the use of modern political catch-words for explaining historical fact has its ridiculous side. Because a certain English king ate too many lampreys and died as the result of the gluttonous achievement, can one say he co-operated with them?

An Urgent Need.

The address which Father Caius S. J. gave before the Cercle Litteraire on the medicinal plants of India deserves careful study by all those who are anxious to see that the plant wealth of this country is exploited and made available for the practical and humanitarian purpose of relieving human suffering. As the lecturer, who has been carrying on research work on the medicinal plants of India at the invitation of the Government of Bombay in the Haffkine Institute at Parel, showed in his survey of the previous work on indigenous drugs and plants, there have been only isolated efforts by biologists in India to tackle the problem. Unless there is a big coordinating agency behind such research which is a matter of expense and great patience, not much can be achieved. Provincial Governments cannot do anything in this direction even if private philanthropy comes to their aid. The Government of India must take up the question and initiate an ambitious and comprehensive programme of research in this direction.

A Sanskrit Academy.

Sanskrit scholarship seems to have found a Carnegie in Seth Gaurishankar Goenka of Khurja. This lover of India's ancient language has made a gift of five and a half lakhs of rupees to promote the studies of the different branches of Sanskrit learning. A portion of the endowment is to be utilised in giving honorarium to eminent Sanskrit scholars all over India, and another, in collecting and publishing rare Sanskrit manuscripts. Seth Goenka has also opened Sanskrit academy for the training of Pandits in shastras. As we wish that so munificent a gift should be utilised in the best interests of Sanskrit scholarship we would make the suggestion that the direction of the whole scheme should be in the hands of those who are conversant both with the old methods of study and the modern methods of research, and comparative study of languages, men, for instance like the late Dr. Bhandarkar. Only such persons at the head of the organisation can make research truly fruitful and popularise the best in Sanskrit literature not only in India but throughout the world. Great books are for the whole world. A striking testimony to this fact was only a few days ago furnished by the handsome tribute that the Amir of Afghanistan paid to the memory of the Shakespeare, whose rich literature, he rightly said, was read and loved by all throughout the world. If we would raise the status of Sanskrit in the world's literature to the high level that it deserves, the direction of its higher study should be in the hands of those who combine a wide culture with a sound knowledge of Sanskrit.

The New Cry.

"Still they come" was the jubilant cry of the organisers of the League of Nations when that body was founded and one Power after another joined it in the hope that it was a real coming together of the Nations of the world for international peace, goodwill and unity. Now, alas, the new cry is "Still it goes on—the walk out" as Latin America says good-bye to the League and Spain follows suit. It is time the organisers thought better of their duties and mended their ways.

(Continued from column 6.)

tumes! Never before has the writer seen such terrible economic depression amongst the Muslim working classes, and this was all the more painful on their holiday—the Id Day.

"THE SCHOOL OF ECONOMICS."

A LETTER THAT WAS SUPPRESSED.

To THE EDITOR OF "THE CHRONICLE."

Sir,—I shall thank you to publish the following few lines in your paper. The same were sent to the "Times of India," as being the paper concerned, as early as the 11th instant; but since the correspondence remains yet unconsidered by that paper, I am constrained to trouble you.

With reference to a column and a half of complaints made in the issue of the "Times of India" of the 9th instant on the subject of the School of Economics of the University of Bombay, I should like to state that higher research work in any branch of science is bound to be rather expensive. In an abstract science like economics there could at the same time be no chance of the country reaping any immediate benefit in terms of rupees, annas and pies, as there would be in the case of technological research, for example on Cotton. In the case of the Bombay School of Economics the expense seems heavy because there is at present a paucity of post-graduate research students. The number of students may, as I expect, increase two-fold or three-fold in a few years, (seeing the increasing interest taken in economic subjects in India); but the expense will not increase *pari passu*, and may not increase at all. In this respect the Indian Institute of Science at Bangalore (commonly known as the Tata Research Institute) is in the same plight as our School of Economics.

The real object of the School of Economics and Sociology is to give training in research work; and the staff that is at present employed—only two professors in economics and two in sociology—is certainly the minimum that would be required. After all there is not much justification for a big grouse if one keeps in mind this object and also the activities of the School, in the short space of five or six years. Under its auspices, and thanks to the efforts of Professor Geddes, an extremely interesting Civics exhibition was run for two years. The learned contributions to Indian Economics by Professors Shah and Vakil are well-known throughout India, and elsewhere too; and the Bombay School of Economics has thereby gained much prestige. The students have also done something in a small way, but much of this work will remain unknown as the University does not undertake, nor much encourage, publication. Lastly in these few years quite a decent library has been built up. This forms part of the University Library, and could even be utilised by persons who are not students of the School. The Sociology section of this library is, I think, unique in India, small as it is. On the economics side our library compares very favourably with that much talked-of economics library of the Allahabad University built up by Professors Jevons and Burnett-Hurst. I have seen that library, and ours I think is not inferior to it, considering that the former has had a good start of several years. Neither, however, could be called a most efficient instrument for research; but these libraries cannot be built up in a day.

The latter half of the article I refer to is a scarcely-veiled personal attack on Professor Shah, in the guise of stating a "problem". Professor Shah is well able to defend himself; but from my experience as a research student under him for two years from 1922 to 1924, (and also as a colleague since then, though that would not be to the "point"), I must state that the charge of "inaccessibility to his students" is one which has considerably surprised me. My experience is quite otherwise.

My work necessitated frequent consultations with Prof. Shah, and I owe it in fairness to him to say that he was accessible at all times, and always willing to discuss questions that cropped up. I should say Mr. Shah was rather the reverse of inaccessible; for, as he did not take a single holiday and was at his desk on Sundays and holidays and even in the vacation. I had the advantage of consulting him even at times when his legitimate duties did not require him to be present at the School.—Yours, etc.

June 23. K. J. KHAMBATA.

SOME ID IMPRESSIONS.

Mr. B. F. Bharucha writes:—

By the grace of God, the Id Day has passed off smoothly all over the country. There were rumours of disturbances in the city; but thanks to the co-operation of Mr. Kelly and the good sense of leaders on both sides, nothing untoward has happened. Mr. Zakar Ali and Mr. Qamar Ahmed of the Khilafat Committee, and Mr. R. N. Bapasola of the Congress Committee, helped the writer in going round to the various storm centres in the city at noon and night for three successive days, speaking to the important men of different Mohollas. What struck us most were these:—

(1) That neither the Hindus nor the Muslims were in any hostile mood;

(2) That they admitted that it was futile to fight amongst themselves.

(3) That a Muslim workman shouted out, that India was their native land, and that they were friendly to all other communities, and this was cheered by those present.

(4) That some Hindu and Muslim leaders along with some Parsi workers held a small conference, where nothing but cordiality and eloquence were visible.

(5) The saddest spectacle was the growing poverty and unemployment amongst the people—so much so—that even on the Id Day—the Muslim gala day, you could scarcely come across a Muslim in new cos-

MR. SHAPURJI SAKLATVALA.

RELEASED FROM JAIL.

AN INTREPID COMMUNIST M.P.

Mr. Fredoon K. Dadachanji, Solicitor, informs us that Mr. Shapurji Saklatvala, M.P., has been released from jail.

Mr. Saklatvala was arrested on May 4, at the time of the great mining crisis of Britain—the coal war as has been aptly described by Reuter—for making "a seditious speech in Hyde Park", and was sentenced to two months' imprisonment two days later, i.e., on May 6.

Mr. Saklatvala has been representing North Battersea in Parliament since October, 1924, and is the only Indian in that House. He belongs to the Communist Party of Great Britain and had once before (1922-23) represented the same Constituency in Parliament. He was born in Bombay on 28th March, 1874, his mother being a sister of the late Mr. J. N. Tata, the great Parsi industrialist. His trenchant criticisms on all important subject of the Empire, especially on Indian affairs, in and out of Parliament, have been praised by many of his friends and even by some of his bitterest opponents for their fearlessness and sincerity. It will be recalled that last year he intended to proceed to the United States as a member of the Inter-Parliamentary Union deputation, but his entry was banned by the American Government. In December last he was invited to preside over the first Indian Communist Congress held at Cawnpore, but he was unable to spare time to come to India. Mr. Saklatvala is married to an English lady and has three sons and two daughters.

BRITISH COMMUNIST PARTY

OFFICIAL VERSION OF ACTIVITY

LONDON, June 24.

A Blue Book of 135 pages publishes selections from a mass of documents seized when the Communist leaders were arrested in England last October, showing the relationship between the British Communist Party, the Young Communist League and the National Minority Movement, with the Third International and the Red International of Moscow together with various financial arrangements. The colonial work of the Communist Party in India, Egypt, Palestine and among the Negro and Chinese students of the East End of London is detailed in various letters.—Reuter.

ASSISTANCE TO MINERS

MEETING OF MINERS INTERNATIONAL

LONDON, June 24.

At a meeting of the Miners International Committee in London to-day, resolution was passed in favour of intensifying the efforts of each country to prevent coal from entering Britain and send in every financial assistance to the British miners. The meeting regarded the attempts of the Government to increase the working hours, as a serious menace to the miners and workers in all the industries, which, if successful, would certainly affect the international struggle for shorter hours of labour.

The official report does not refer to the general miners strike in the continent envisaged by Mr. Cook.—Reuter.

THE COAL DISPUTE.

MR. COOK'S PLEA FOR ARMISTICE.

LONDON, June 25.

A plea for armistice in the coal dispute was made by Mr. A. J. Cook, who, interviewed by Reuter at Coventry, suggested that Government should withdraw the Hours Bill and agree to re-open pits immediately on the April terms. Then arrangements could be made with the workmen's representatives by which a settlement could immediately be reached which would give the miners justice and a secure finality without compulsory arbitration. Let Government hold out the hand of friendship by making a definite and clear attempt for peaceful settlement. Then he and his colleagues would give every assistance, provided the miners were guaranteed economic security.—Reuter.

Pandit Madan Mohan Malaviya will leave Calcutta on 30th June to tour in east Bengal.—A. P.

A LIGHTNING STRIKE

SERIOUS SITUATION IN SHANGHAI.

POLICE DRAW OUT REVOLVERS.

LONDON, June 25.

Shanghai.—There has been considerable unrest and agitation in the local industrial circles as a result of lightning strike in the Japanese cotton mill. The strikers set on fire to the stocks of cotton and hurled stones at the fire brigade. Police drew revolvers but did not fire. Twelve arrests have been made. The situation is serious. —Reuter.

SENSATION IN CALCUTTA

BENGALI GIRL SPIRITED AWAY

CALCUTTA, June 24.

How Hira, a young Bengalee girl was kidnapped from Campbell Hospital by 2 young Bengalees, Pravatchandra Sircar and Devendranath Ray were related to-day before the Police Magistrate of Sealdah. The prosecution story is that the girl was staying at the Calcutta Orphanage and was sent to the Hospital for treatment. The girl was spirited away on June 8 and removed to a hut by the above young men, where she was made to stay with them and some of their friends. On June 10 she was taken to a Rescue Home on the Dharamtalla Street by a friend of the accused, who stated to the authorities of the Home that the father of the girl resided at Hatibagan. As the whereabouts of the father could not be ascertained she was sent to the Calcutta Orphanage and the Orphanage authorities placed the matter in the hands of the police, who arrested the culprits. The trial is proceeding.—Free Press.

SHOCKING BAGHDAD TRAGEDY.

ESCORT MURDERS FRENCH COMMANDANT'S WIFE.

LONDON, June 25.

Baghdad.—Whilst returning after her shopping from Homs, the wife of the French commandant of Palmyra, aged 25, was murdered by her native escort. The car stopped for repair of a puncture, and the escort shot the driver, robbed and stripped the woman. The French Camel Corps is reported to have arrested the murderer.—Reuter.

NIPPED IN THE BUD?

FRESH REVOLT BREWING IN SPAIN

LONDON, June 25.

Paris.—According to a Madrid correspondent of "Le Journal" the police have discovered a vast political conspiracy with ramifications throughout Spain, directed against the present regime and organised by advanced Liberals and Radicals, which was to have started this evening. Many arrests have been made including a well-known sculptor, an editor of a Madrid newspaper, and two Republican ex-deputies. Prominent army officers and a former Minister of War are also said to be involved. The Government is the master of the situation and country is calm.—Reuter.

ANGLO-RUSSIAN TRADE

LONDON, June 24.

The authentic figures of Anglo-Russian trade last year are given in a report of the Russo-British Chamber of Commerce, which shows that the exports to Russia amounted to seventy million sterling and imports from Russia to sixty-five millions. The latter were almost entirely foodstuffs and raw material while the exports were mainly manufactured products.—Reuter's Special.

SIR PATRICK HASTINGS RESIGNS

LONDON, June 25.

Sir Patrick Hastings will shortly resign from the House of Commons on account of ill-health.—Reuter.

The trouble at Allahabad this morning appears to have been purely local and eight persons are reported to have been injured. —A. P.

PARTICIPATION IN BILLS SPECIFIED.

MADRAS, June 24.

Mr. A. Rangaswami Iyengar, General Secretary, All-India Congress Committee makes the following announcement to-night:—"The Special Committee appointed under resolution Seven of the Cawnpore Congress has given permission to the Swarajist members of the Punjab, Madras and Assam Legislative Councils to attend their respective councils in connection with the following bills, Punjab—The Punjab Money Lenders Bill, Madras,—the Malabar Tenancy Bill and the Madras Irrigation Bill and Assam,—the Assam Land Revenue Reassessment Bill.—A.P.

FOREST TRAINING

SIMLA, June 25.

The Government of India in the Department of Education, Health and Lands have published a resolution relating to forest training where they announce that the training for the Indian Forest Service at Dehra Dun will commence on the 1st November, this year and that the training for the provincial service course would cease at the end of March 1928.—A. caused by brickbats, lathis and falling on the ground and sharp instruments.

On enquiry the "Hindustan Times" learns that one sub-inspector did fire 3 or 4 shots in Naya Bans area in self-defence. The "Hindustan Times" understands that three Hindus were wounded by these shots. A Mahomedan with a long blood stained dagger was arrested by the police during the melee.—Free Press.

DELHI QUIET.

ARMED AUTHORITY STILL PARADING

DELHI, June 25.

Delhi is calming down. Several shops have re-opened and the tramway traffic has been resumed. Armoured cars and the cavalry still continue to patrol the affected area and District Magistrate and high police officials went on rounds through the city again last night. The situation is quiet throughout.

It is understood that one of the victims of last night's fight succumbed to injuries in the hospital.—Press Press.

6 PERSONS WOUNDED.

TROUBLE OVER COW SACRIFICE AT DAMOH

ALLAHABAD, June 24.

A message from Mr. Gokulchand, M.L.C., Damoh, (C. P.) says that a serious riot occurred on Id day between the Hindus and Mussalmans at Damoh over cow saerifice and the police had to open fire. Six persons were wounded but crowds were immediately dispersed. Great commotion prevails in the town and Section 144 has been applied.—A. P.

STRAY ASSAULTS AT ALLAHABAD

ALLAHABAD, June 25.

Some stray assaults are reported to have taken place yesterday after the disturbance already reported. Some arrests have been made. Orders under Section 144 Criminal Procedure Code have been issued by the District Magistrate prohibiting assembling in groups of more than four, carrying of lathis, and forbidding people to leave their houses after 10 p.m.

Last night passed off quietly, but even this morning shopkeepers are disinclintd to open their shops, and rtports have been received of isolated cases of assault in different parts of the city.—A. P.

A FRACAS AT MUZAFFARPUR

MUZAFFARPUR, June 24.

A communique of the District Magistrate says that in a village in Sitamarhi Sub-Division two Mahomedans were tied up and roughly handled by a mob of Hindus on the 22nd. The mob attacked a Mahomedan Tola injuring five Mahomedans. Three huts on the outskirts of the village were looted and the damage done is considerable. All is now quiet, and no further trouble is apprehended. —A. P.

HIDDEN HAND IN RIOTS.

"MANCHESTER GUARDIAN'S" SUGGESTION.

BENGAL GOVERNMENT EXPLAINS.

CALCUTTA, June 25.

Mr. L. Birby, Chief Secretary to the Bengal Government in a letter to the "Manchester Guardian" states: "A London cable to the "Statesman" criticises an article that appeared in the "Guardian" on communal dissensions. While not expressly stating the opinion that the British members of the public services in Bengal foment dissensions in order to prolong the British Raj, your article indicates a suspicion that they do. I desire to most emphatically, deny this suggestion, which casts a most unfair aspersion on the honesty of a dwindling number of British magistrates and police officers, who have strained every nerve to maintain peace between the two communities and whose efforts have been highly appreciated by the people of Bengal. In the existing conditions it necessarily falls to the lot of British officers in India to take many decisions which are not acceptable to either the Hindu or the Mahomedan community. This fact and the fact of the present dissensions are admittedly an hindrance to advance in self-government and are sufficient to account for the suggestions being made in India, such as those to which you have referred".—F. BURRA BAZAR QUIET

CALCUTTA, June 25.

As a result of the enquiries made regarding the situation in Burrabazar late at night, it has been ascertained that no further disturbance took place in the affected areas.—A. P.

COMMUNAL MISCHIEF

CALCUTTA, June 25.

Commotion prevailed for a time in Burrabazar this afternoon when pig'e flesh was found in a Mahomedan shop. News spread like wild fire and shops in the locality were immediately closed and streets were deserted. The police are keeping a vigilant eye on the situation. Fish was thrown in a Marwari house in Burrabazar. The police are investigating both the incidents.—A. P.

POLICE FIRE IN NAYA BANS.

MAHOMEDANS WITH STAINED DAGGER ARRESTED.

DELHI, June 24.

The hartal in the city of Delhi was originally decided to be observed for 2 days on the 22nd and the 23rd. However, this morning also the hartal was observed. The Hindu and some Muslim shops were closed and people sat in groups in front of their shops and opening of the streets.

A rumour, however, went round early this morning that the Mahomedans were going to take a cow for sacrifice through Naya Bans and Pahari Dhiraj and a large crowd again gathered near those places. The rumour ultimately proved false and at about 8.30 a.m. the crowd in Pahari Dhiraj quietly dispersed. The crowd at Nayabans, however, went on accumulating and danger was apprehended at any moment. However, the precautions taken by the autorities made the possibility of an affray very doubtful.

TONGAWALA RUNS AMOK.

At about quarter to eleven, a tongawala driving from the Khari Bawli towards Fatehpuri happened to injure some Hindus accidentally. There was some sort of altercation and a cry went round that a scuffle had ensued. This was the signal for a free fight and brickbats were freely used. The police had to use lathis in dispersing the crowd. The police and the troops whien arrived later had the situation soon in hand and by about noon the whole crowd had dispersed. At about 1-30 p.m. the whole city presented a deserted appearance with very few pedestrians and vehicles on the roadside. Tram service is completely suspended for present. Khari Bawri near Fatehpore Mosque was strewn with a large number of brick bats. All is now quiet in the city. People are not being allowed to gather anywhere in the main bazaars.

FIRING IN NAYA BANS.

Upto 3-30 p.m. this evening 43 persons have been admitted into the local hospital. One European sergeant also received minor injurics. 30 persons have been admitted as in-patients whise others were treated and dismissed. The Medical authorities are of opinion that the wounds were presumably

VICEROY ON RED CROSS ACTIVITIES.

TOTAL MEMBERSHIP DISAPPOINTING.

VICEROY'S CAMP, SIMLA, June 24.

In the course of his speech at the combined annual general meeting of the Indian Council of the St. Johns Ambulance Association and the Red Cross Society, the Viceroy said:—

I am in complete accord with the objects of your movements and am eager actively to help to promote their successful achievements. From the history of your recent activities I observe that the past few years have been a period of change and of test. These organisations were born out of battle, they were proved in the stern school of war.

Of their achievements in those conditions I need not speak. They are written in letters of gold on the scroll of the history of humanity. With the close of the great war this errand of mercy came to an end and those who had taken so noble a part might have elected to hang up their armour and rest content from their labours but the great tale of human suffering in the world held out its challenge. Who was to fight the inroads of preventable disease? Who was to storm the citadels of ignorance? Who was to bring relief to those beleagured by the forces of pain? Here was a limitless field of battle with all its tragedies and casualties and with an ever broadening front the challenge was thrown down and it did not pass unheeded for in this warfare there is no armistice and there can be no neutrality. Its appeal rang home to the chivalry of the knights of St. John and the mercy of the good Samaritans of the Red Cross did not pass it by.

PROGRESS ALL ROUND.

At this first meeting of the St. Johns Ambulance Association and the Indian Red Cross Society at which I have presided I shall not presume to make observations regarding the different branches of the work of these organisations on which Sir William Birdwood and Sir Bhupendra Mitra have dwelt in their interesting speeches. I am content to share in their satisfaction at the substantial progress achieved but I do wish to add my meed of praise to theirs of the work of the officers of both organisations and of all those who have earned their special commendations for assisting the Indian Council of St. Johns Ambulance and the managing body of the Indian Red Cross Society. I also desire to express my obligations to the Provinces, to the Indian States, and the railway administrations in which such full scope has been afforded to the work of these organisations. I hope soon to acquire first hand knowledge of these activities during my tours in the provinces and the states and to be able to speak next year with that warmth of approval which springs from direct experience of good work well performed.

COMMANDER-IN-CHIEFS' REVIEW.

The Commander-in-Chief's speech, reviewing the working for the year showed considerable progress in all directions. 11723 persons attended 918 courses of instruction against 11723 and 723 respectively of the previous year and the percentage of passes was about seventy-five and a half compared with sixty-eight per cent. of the last year.

Sir B. N. Mitra showed that the increase in membership of the Red Cross Society during the year has been fifty per cent over last year but still the membership of 4,200 only in the whole of India and Burma was disappointing. He announced that Sir Henry Moncrieff Smith and Mrs. Cottle would represent them at the Fourth English Speaking Conference on Child Welfare in London next month and that Colonel Bholnauth, Organising Secretary has been deputed to attend as a delegate. The Second Oriental Red Cross Conference is to be held at Tokyo in November next.—A.P.

BENGAL POLITICS.

A WORDY WARFARE.

A REJOINER TO MR. SEN-GUPTA.

CALCUTTA, June 25.

Dr. B. C. Roy, Mr. T. C. Goswami, Mr. C. N. Chunder, Mr. S. C Bose and Mr. N. R. Sarcar have issued a statement to the Associated Press in reply to Mr. J. M. Sen Gupta's manifesto published yesterday.

They refer to the question of resignation of Mr. P. K. Chakravarti, late editor of the "Forward" and the supposed change in the policy of the paper since his resignation. "The accident of our being five of the seven Directors of the "Forward' Publishing Limited" they say, "has led Mr. Sen Gupta to insinuate in his reply that we are using the "Forward" for our own ends. We are entitled to dismiss without discussion the crude accusation that there has recently been a change in the policy and programme of the "Forward" and the consequent breach of faith with the Congress and the Swaraj Party.

WANT A REAL UNITY..

We, however, desire to say that the question on which Mr. Chakraverti resigned is one on which our position is clear. We desire to see a real settlement between the Hindus and the Muslims. We do not believe that our late leader designed the Pact for catching votes, though it is certainly a manifestation of his large hearted sympathy for all the communities of India. We do not, therefore, desire to deceive our Muslim brethren by holding up something which we cannot enforce now."

The signatories regret the remarks of Mr. Sen Gupta that the Finance Committee of Deshbandhu Village Reconstruction Fund refused to co-operate with the Bengal Provincial Congress Committee and the Bengal Swarajya Party and add that far from doing so the Committee invited members of the Bengal Provincial Congress Committee and the Bengal Swarajya Party to discuss and settle the outline of programme and gave workers to work in centres which had since been opened.

BENGAL PACT

"A DEAD LETTER"

CALCUTTA, June 25.

In reply to Mr. J. M. Sen Gupta's manifesto of yesterday Mr. S. C. Bose has issued a lengthy statement to the Associated Press (in the course of which he refers to the letter written by him to Mr. J. M. Sen Gupta on June 6, explaining among other things his attitude towards the retention or otherwise of the Bengal Pact.

Mr. Bose expressed the opinion that the Bengal Hindu-Muslim Pact being practically a dead letter as evidenced by the recent disturbances in Calcutta and other parts of the Presidency it was unnecessary in the opinion of the Bengal Provincial Congress Committee to consider the question of rescission, revision or modification of the Pact and that the Working Committee of the All-India Congress Committee should be requested to go into the question and decide at an early date the ways and means of restoring unity between the two communities.

The Bengal Pact was in fact rejected by the Congress and when the Congress and not the Bengal Swarajya Party, was running the elections the question of the pact really did not arrive.

AN IDLE BUSINESS.

In his letter Mr. Bose made it clear that he did not agree with the views of Mr. Sen Gupta regarding the Bengal Hindu-Muslim Pact or those regarding dissolution of Executive Council of the Bengal Provincial Congress Committee. Mr. Sen Gupta had enquired as to why Mr. Bose left the meeting just before the dissolution resolution was taken up. After he had listened the discussion over the resolution on the Pact Mr. Bose had no doubt in his own mind as to the fate of any resolution or amendment opposing the dissolution of the Executive Council and he thought it would be perfectly idle to stay on and engage in any discussion over that question.—A. DAILY WEATHER REPORT.

Summary of observations recorded at 8 hours on Friday, the 25th June 1925, giving data for the preceding 24 hours.

The Punjab.—Skies are clear. Humidity is in considerable defect except in the south-west, were it is normal. Temperature was normal except at Ambala, where the maximum alone was higher than usual. The highest temperature in the province was 108 degs. at the aforesaid station.

The United Provinces.—Skies are free from cloud and the air is much drier than usual. Temperature was markedly above normal in the east of the province and moderately so in the west. Allahabad reports a maximum temperature of 111 degs.

Sind and Rajputana.—Skies are mostly clear and humidity is in slight to moderate defect. Temperature was above normal in south and east Rajputana. Jacobabad recorded a maximum temperature of 111 deg.

Gujarat, Kathiawar and Central India West.—Skies are clear over Central India West and lightly to moderately clouded over the rest of the division. Humidity is in considerable defect in the former area and in slight to moderate [illegible] generally elsewhere. Both maximum and minimum temperatures were above normal in Central India West and the maximum alone in Gujarat and parts of Kathiawar.

The Central Provnces.—Skies are lightly to moderately clouded and the air is much drier than usual. Temperature was markedly in excess throughout the province, the maximum being nearly 13 deg. and the minimum 8 deg above normal. The thermometer rose to 107 deg. at Jubbulpore, Hoshangabad and Akola.

The Konkan.—Karwar reports 0.21 in [illegible] Rain was granted.—A. P.

of rain. Skies are moderately to heavily clouded and moisture in the air is as usual. Temperature remained slightly above normal. Bombay recorded a maximum temperature of 91.9 deg. and a minimum temperature of 84.0 deg., both being 5 deg. above normal.

The Bombay Deccan and Hyderabad.—Sholapur reports 0.21 in. of rain. Skies are moderately clouded. The air is drier than usual in Hyderabad and the adjacent districts of the Bombay Deccan. Maximum temperature was appreciably in excess throughout the division and the minimum moderately so in most parts.

General Remarks.—The monsoon still continues feeble, only a few isolated falls having occurred in the south Konkan, Malabar and the Bombay Deccan. The only amount that remains to be mentioned, is 2.54 in. at Calient. High temperatures persist from the United Provinces to Mysore.

Forecast.—No large change.

Daily Weather Telegram for the 24th June 1926 issued from Simla.

The monsoon is normally active in Lower Burma but is very weak elsewhere. A depression may now be forming at sea in the neighbourhood of Ceylon. Numerous duststorms are reported from the Punjab. Rainfall has been nearly general in Lower Burma, the Konkan and Malabar, and local in Assam, Bengal, Central India West and Coorg; while a few falls have occurred in Upper Burma, the Punjab, Kashmir, the Central Provinces, south Hyderabad, south-east Madras and on the north Madras coast.

The chief amounts were:—Tavoy five inches; Rangoon one and a half; Akyab two; Myitkyina one; Dibrugarh one and a half; Cherrapunji, Cox's Bazar three; Chittagong two; Jessore one; Mangalore, Cochin one and a half; Hanamkonda one.

Temperature remains appreciably above normal from the Konkan to south Bengal.

MUNICIPAL AFFAIRS.

COMPULSORY RETIREMENT.

With reference to the resolution of the Corporation compulsorily retiring three officers of the Municipality, with benefits of full pension, Messrs. A. C. Higgins, P. Palmarino, and Dinshaw Karanjia, have now sent in their resignations. The last of them had already resigned his post, but he had written to the Corporation complaining that his resignation was extorted from him by the last Commissioner under threats.

BOMBAY'S NEW PICTURE PALACE.

GAIETY CINEMA OPENED

The opening ceremony of the Gaiety Cinema was performed on Friday evening under the presidency of the Hon. Sir Lallubhai A. Shah, Kt., in the presence of a large number of distinguished guests, Indian and European of both sexes, who had responded to the invitation of Mr. D. W. Rajadhyax, proprietor of the Cinema. The new picture palace of the Fort was brilliantly illuminated.

The stage was tastefully decorated with palm pots, etc., with the words "Amin Florist", "Amin Nursery", showing plainly whose handiwork it was. Four chairs were placed on the stage. Hon. Mr. L. A. Shah who occupied one of them was requested by Mr. Shivram Bhandarkar, High Court Pleader, to open the Cinema, after dwelling in a few well-chosen words on the importance of a cinema. Hon. Mr. L. A. Shah, who evidently believes in brevity being the soul of wit and speech, spoke also a few words, expressed his thanks for being invited to preside over the function, and wished the proprietor "all success."

The guests were then shown the film "The Daughters of the Desert"—an Alliance Giant Special Production, in 11 parts. With its really sensational plot it did "grip every nerve of the audience's body." It is a very thrilling drama of human love and sacrifice—Anglo-Egyptian love and matrimonial venture, to be exact. Judging by the reception accorded to the film by the majority of the audience—and it is a sign of the times that among such appreciators youths who are not yet out of their 'teens preponderate—if the proprietor takes care to give the audience such thrilling serials the success of the new venture could safely be predicted, whatever some carping critics may say to the contrary.

But the most important function came in the interval when the guests went to the first floor and helped themselves liberally with ices, pastry, and confectionery—even foregoing the trouble of squeezing themselves in the narrow passage.

A SERVER OF PUBLIC INTERESTS.

TRIBUTE TO MR. A. J. MADAN.

A pleasant function took place on Friday evening at King George English School at Dadar when the president and members of the managing committee of the Dadar Co-operative Institute were At Home to Mr. A. J. Madan, I.C.S., Registrar of Co-operative Societies, Bombay Presidency, on the eve of his leaving the department to join the Royal Commission on Agriculture as its Secretary.

After Professor Bhosekar treated the guests with some interesting feats of magical tricks, Mr. S. K. Bole who presided said that Mr. Madan had well served the public interests ever since he joined the Indian Civil Service. An Registrar of the Co-operative Societies he always looked to the welfare of the people in promoting co-operative institutes and societies, etc. The Secretary of State had selected a right man as the Secretary of the Agricultural Commission, and though it gave them pleasure that Mr. Madan had got that post they regretted to part with so sincere a friend as Mr. Madan. He wished Mr. Madan success in his new sphere of activity, and hoped it was a harbinger of still greater promotion and more prosperous life.

Mr. Mandan in thanking Mr. Bole appreciated the kind feeling of his hosts very much and said the Dadar Institue was conducted in an exemplary way and he would be still more satisfied if, on his return to this Presidency, he found that efforts of the Institue had borne fruits by the opening of many other co-operative societies.

Mr. Madan was then garlanded and the gathering dispersed after light refreshment.

JOCKEY MORRIS SUSPENDED.

According to a Mysore telegram, at the Mysore races run on Thursday, the Stewards held an inquiry into the riding of Sible by Morris in the Bannimantap Plate which was won by Essajee's Maud (ridden by Clark), and in which Sible was reported to be second, and suspended Morris until further notice.

BOMBAY LOCAL BOARDS ACT.

A Bombay Government Gazette published on Friday states that the Report of the Select Committee on Bill No. XX of 1925 (A Bill further to amend the Bombay Local Boards Act, 1923) has been signed by Mr. K. F. Nariman, M.L.C.

A correspondent wires from Phulwari Sharif:—"The Police searched the office of the "Amarat" newspaper this morning and took away 104 copies of the paper published on 18th May. It is alleged that a certain article of the paper comes under Section 124-A of the Indian Penal Code.

TONNAGE OF FLEETS.

FRENCH THEORY PREVAILS

LONDON, June 25.

Geneva.—The Naval Sub-Committee of the Preparatory Disarmament Commission has decided in favour of the French theory that the comparison of naval armaments should be based on the total tonnage of each fleet instead of on the tonnage of the various classes of warships as adopted at the Washington Naval Disarmament Conference.

WASHINGTON SURPRISED.

Washington.—Official circles here are surprised at the action of the Sub-Committee at Geneva which is ascribed to the submarine problem. It is hoped that as a result of further conferences the nations might agree to include submarines in the classified tonnage limitations, the principle of which has been rejected at Geneva.—Reuter's Special.

HOLY CARPET.

MUNA INCIDENT CLEARD UP.

LONDON, June 25.

Cairo.—Emirulhaj has telegraphed to Government stating that the correspondence between himself and Ibn Saud has resulted in clearing up the Holy Carpet incident at Muna, and that all is now calm. The Egyptians have now obtained permission from Ibn Saud for the carpet not to proceed to Medina across the desert, but to return to Jeddah and from there to go to Yambo by a Khedivial steamer which will be despatched from Suez.—Reuter's Special.

END OF MARITIME CONFERENCE

LONDON, June 24.

Geneva.—The Maritime Conference terminated to-day after a final vote on the draft convention dealing with contracts which was passed unanimously. The draft convention regarding the penalties for crimes on board the ships was rejected yesterday and recommendations for amendment were defeated by 50 votes to 38.—Reuter.

FRANC RISES

LONDON, June 24.

Owing to the formation of the French Cabinet the franc has improved here by four points to 167.—Reuter's Special.

THE WORLD TEACHER.

MR. KRISHNA MURTHI'S SPIRITUAL POWER.

Under the auspices of the Order of the Star of the East, Mr. Jamnadas Dwarkadas delivered a lecture on "The Coming of the World Teacher" on Friday night at the Sir Cowasji Jehangir Hall, Dr. V. S. Trilokeker presiding.

Mr. Jamnadas said he was going to speak from the rational standpoint and not with a view to satisfy the curiosity of certain people. The first question they had to ask was: Is such coming possible? He would answer that by saying that such teachers had come before this. Teachers had appeared in many places at different times giving the same teaching. The Theosophists believed that above all these petty Governments, there was a higher Government of the world,—the inner Government. In the best countries in the world where efforts had been made to evolve a democracy they had failed for the world wanted a Government of the wisest. They had, therefore, the Lord Vaivaswata Manu in charge of the ruling department of the world, the teaching department and religion being in charge of Bodhisatwa. Then again the departments of science, industry, ceremonial and art were lumped together under the supervision of Lord Mahachavan. All these departments and many others were divided in this way by the Theosophical books, said Mr. Jamnadas. The conditions of the world to-day were such that they were ready to receive a world teacher, for a new race had come and there had been numerous eruptions and volcanic changes, showing that the world was undergoing a change.

Speaking about Mr. Krishnamurti, the speaker said, he had in him the germs of greatness. A slight stay with him even for a few days was enough to change them for the better; he brought out the best within them. He was full of love and yet full of power and strength; he was the most wonderful teacher and many of them who had listened to him had derived the greatest spiritual benefit. The speaker asked them not to scoff at the idea, but think about it within themselves. Mr. Jamnadas requested them all to prepare themselves for receiving the great teacher.

MOTOR BUS SERVICES FOR BOMBAY CITY.

TO COMMENCE ON JULY 15

On July 15th next, the first batch of what will, no doubt, ultimately be a large fleet of Motor Buses, will be run by The Bombay Electric Supply and Tramways Company, Limited.

Route.—The commencing service will be from The Afghan Church at Colaba to Crawford Market via Middle Colaba, Wodehouse Road, Museum, Flora Fountain and Bori Bunder. As other vehicles arrive other routes will be opened up.

Timetable.—These buses will run every 10 minutes throughout the day as follows:

	First Bus leaves	Last Bus leaves.
Afghan Church	6.00 hours	23.50 hours.
Crawford Market	6.20 hours	24.10 hours.

If from experience it is found that traffic requires a more frequent service this will be met by putting on more buses and running them at more frequent intervals.

The fares will be from anna 1 to annas 3 according to distances (details of these will be given in a later issue.)

DANTES "DIVINE COMEDY"

"INSPIRED BY ISLAMIC LEGENDS."

SPANISH PROFESSOR'S STRIKING THESIS.

A considerable stir in literary circles (says a Reuter Madrid message) was created in 1919 by the appearance of a book bearing the imposing title of "La Escatalogia Musulmana en la Divina Comedia." The edition was quickly exhausted and the original has not been reprinted, but a translation in English has now appeared. The author, Don Miguel Asin, propounded a thesis entirely new to students of Dante, according to which the famous epic, instead of being attributable solely to the creative genius of the poet and a synthesis of purely Christian belief of the Thomist School, was inspired chiefly by Moorish legendary narratives once current throughout Islam and well-known in Spain as far back as the ninth century. That such a thesis should meet with determined opposition from many devotees of Dante, loth to allow that his genius could owe anything to outside influence, is not surprising, nor that many orthodox thinkers could, except with difficulty, be brought to admit the possibility of an essentially Christian work being largely inspired by Moslem traditions Yet this is what is claimed by the author, a high authority on Moorish literature, who, as being a Roman Catholic priest to boot, can hardly be suspect among those having a theological bias. A professor of Arabic at the University of Madrid, Miguel Asin, has devoted 25 years of his life to the study of Moorish literature and lore for which the archives and records available in Spain furnish a very large field.

THE MUSSULMAN LEGEND.

The author, who supports his case with chapter and verse, contends that Dante drew his conception of the "Divine Comedy," both in regard to the fundamental idea of the allegory and many minor details, from an old Mussulman legend describing the nocturnal journey of Mohammed to *Isra*—the Inferno—and his ascension to the Mirich—Paradise. Of this legend there are numerous versions, the one by Mohidin Abenarabi (1164-1240), a Mohammedan mystic born in Murcia (Spain), showing the greatest similarity with Dante's epic. The author is convinced that the Italian took this latter version as a pattern, particulary for his topographical conceptions of the lower regions pictured in his allegory, as well as in a large degree for many episodic details.

The general outlines of the Dantesque and Mussulman allegories coincide closely, As protagonists in each narrative Dante and Mohammed awaken from a deep slumber, and in both cases set off on a journey at the commencement of which they enter the gate leading to the Inferno, guarded by wild beasts. The methodical comparison established by the author convinced him that the prototypes of Dante's conceptions were invariably to be found in Moslem tradition, a fact which made him investigate the possibility of both being derived from some common source, perhaps traceable to mediaeval Christian legends preceding the poet's great work. His further investigations, to use his own words, however, "let in a flood of light upon the whole problem," and the Moslem element continued to appear as the key to much of what had long remained obscure in the "Divine Comedy."

The Duke of Alba is responsible for the publication of the book "Islam and the 'Divine Comedy,' an abridged translation of the original. Mr. Harold Sunderland is the translator.

THE GALILEO MEMORIAL SUN TOWER

A Sun tower or astrophysical observatory has recently been erected on the classic hill of Arcetri Florence, to the memory of Galileo Galilei, the immortal master of physical astronomy of the seventeenth century (1564-1642). The tower, which is unique in Europe, embodies the innovation, first introduced in 1908 in the two towers of Mount Wilson, Pasadena, California, of fixed vertical solar telescopes in preference to horizontal ones in which solar rays are often vitiated by currents of conviction near the soil. Modelled on those two towers, which were founded by Andrew Carnegie, the one of Arcetri is, both in its inception and carrying out at a cost of about 5,000l., mainly the outcome of the efforts of Professors Antonio and Giorgio Abetti, father and son, of whom the latter, now itss director, was formerly a pupil of Professor George Hale, the designer and director of the Mount Wilson towers. It was in him that the rising young Florentine scientist found a keen supporter of the ambitious plan similarly to utilise the favourable climatic and solar conditions of the Arcetri hill, where solar observations can normally be conducted on 180 days of the year 100 of these being serene. The important object of thus achieving astrophysical co-operation on both sides of the Atlantic for the benefit of international science, enlisted the financial support of the W. E. Hale foundation of the late Mr. J. W. Ellsworth, and of numerous other institutions and private donors in America and Italy. The Arietri tower was inaugurated in June, 1925, and has since then been completing its mechanical and optical installation. Under Professor Abetti's direction, the structural work and also the mechanical equipment were carried out by Italian firms, among whom was the Officine Galileo of Florence; while the optical instruments were supplied by the Zeiss Work of Jena, Germany, and the reticule of diffraction of 100,000 lines was a specially valuable gift from the optical workshops of the Mount Wilson Towers.

The Arcetri tower is situated on the villa and vineclad hill of that name on the left side of the Arno valley, 400 ft. above the river at Florence or 600 ft. above sea level. It forms a conspicuous object in the locality hallowed by the memories of Galileo, by the famous Torre del Gallo on the crown of the hill, where he worked, and by his villa 'Giolello' where he resided for the last ten years of his life, and died in 1642. Close to these, rises the cluster of scientific building of the Royal University of Florence, comprising the astronomical observatory, the physical institute, and the sun tower as the latest addition.

NOT AN ALL-INDIA QUESTION

MRS. NAIDU ON BENGAL PACT.

A BUSY DAY AT BARISAL.

BARISAL, June 24.

Mrs. Sarojini Naidu and Mrs. Urmila Devi reached Barisal on the morning of June 24 and were accorded a great welcome by thousands of Hindus and Moslems who cowded the station.

In an interview with a Press representative, Mrs. Naidu said the Bengal Pact was provincial and it had nothing to do with the all-India question. Communal strife, she said, there must be till Swaraj was attained. It was a temporary phase. To end the squabbles she suggested another Unity Conference.

Thursday was a busy day for Mrs. Naidu. Besides holding an informal discussion with leaders at the house of Aswinikumar Datta and another at the bar library about the present political situation she visited the Saraswti Girls' School at Bani Pith and the Brojamohan Institution. In the evening she addressed a public meeting at the local Dharmasabha where she was presented with an address.

In a short speech to the boys of the Brajomohan School Mrs. Naidu urged the importance of physical culture. Games, she said, taught discipline and made men just. She laid emphasis on love and unity between Hindu and Mahomedan boys.—Free Press.

MR. ROY'S RELEASE

QUESTION IN COMMONS

CALCUTTA, June 25.

A special cable to the "Englishman" states that in reply to a query by Mr. George Lansbury in the House of Commons, yesterday, concerning the correspondence that passed between Sir Hugh Stephenson and the European Association relating to the release of Mr. Anil Baran Roy, M. L. C., Earl Winterton said Sir Hugh Stephenson saw Mr. Roy in jail and that he gave his word of honour not to take part in terrorism and to do all he could to discourage it.—F. P.

CALCUTTA CORPORATION AFFAIRS

MUSLIM COUNCILLORS TO MEET NEXT WEEK

CALCUTTA, June 25.

It is understood that Mahomedan councillors of the Corporation who sent in their resignations will meet next week to consider the resolution of the last Corporation meeting, regarding their resignations. If at that meeting these councillors will be sharply divided they may even call leading members of their community and submit the question to their decision.—Free Press.

PT. MOTILAL NEHRU AND MR. IYENGAR

TO BE IN CALCUTTA ON MISSION OF PEACE

CALCUTTA, June 25.

Pandit Motilal Nehru and Mr. Srinivasa Iyengar are expected to arrive in Calcutta on July 3, presumably to compose the difference between the two wings of the Bengal Swaraj Party.—Free Press.

Mr. K. L. F. Armitage, I.C.S., Deputy Commissioner, Amraoti, who met with a riding accident and was picked up unconscious on the evening of the 15th June died on Friday morning at 1-30 a.m. at Chikalda. All courts and offices that day were closed as a mark of respect to his memory.—A. P.

Fit in the Morning Fresh all day

"The doctor prescribed Sanatogen and already after a few days I found a great change. Not only my appetite improved but a great and indescribable feeling of cheerfulness came over me."

So wrote a man who had been dragged down by fever and nerves to an "absolute wreck."

"Sanatogen and Sanatogen alone saved his life," wrote a surgeon of the Medical College Hospital, Calcutta, about another patient.

Very significant words these, showing clearly the amazing health-building qualities of Sanatogen.

When your health goes down-hill, when you feel listless, "nervy," or weak, then decide to use Sanatogen, the tonic-food that really revitalizes your whole system, that builds up the nerves and renews the blood, because it infuses into the cells of your body the very elements — phosphorus and albumin — that spell: Strength.

You too can live a healthy life again, rising in the morning refreshed and enjoying the day's work and recreations with youthful energy.

Start taking Sanatogen to-day, then you will be able to feel the happy difference it makes within a few weeks.

At all chemists — SANATOGEN — At all stores

G. I. P. MATUNGA WIN.

The second Division match yesterday between the G. I. P. Matunga and the Bombay Gymkhana "B" provided plenty of incident and excitement and resulted in a win for the former by the odd goal of three. The Railwaymen just about deserved to win for they were superior in all branches of the game, but the Gymkhana on the other hand were distinctly unfortunate to lose. In the second-half, first Cotterill headed the ball on to the crossbar, and then Hudson was unlucky with a winning free-kick which made the posts rock.

Combining together well, the Railwaymen, to a certain extent, spoilt their attacking movements by over much ballooning when passing. Another obvious failing was lack of initiative on the part of the forwards who would sling the ball out to the wing, when a sudden individual swoop would probably have materialised.

The first half could produce no score although just before the interval Thompson beat Temple with a fine grass-cutter, only to be penalised for a foul. The pace waxed fast and furious in the second half and both sets of forwards bore down in menacing fashion. First blood went to the Gymkhana when McKenzie half-volleyed a corner-kick into the corner of the net, Eagle and Woods throwing themselves at the ball in an attempt to save. Not disappointed, however, the Railwaymen attacked confidently. Basely who had been transferred to the left wing, made ground down the line and sent across a peach of a centre which Shannon had no difficulty in banging into the net. A few minutes later the G. I P. took the lead. Awarded a free kick outside the penalty-area they entrusted it to Thompson their bright little left-half, who gave Temple no chance with a splendid low drive in the left hand corner of the net. The Gymkhana made determined efforts to equalize and were unfortunate in not succeeding. Cotterill headed a pass on to the cross-bar and later on Hudson, in taking a free-kick, drove the ball hard on to the cross-bar. There was no further score and the final whistle left the Railwaymen winners of a good game.

26167.—I am a hospital sister, but owing to my health I am unable to carry on my duties. Yeast-Vite has done me considerable good. I have gained 5lb. in a few weeks.

24440.—I do not hesitate to recommend them to my patients, and the results are quite wonderful. I am taking them myself, and feel years younger than I did a week ago!

24398.—A. St. J. W. (late H.M.'s B.C.S.): The efficacy of your wonderful tablets was clearly marked in my case. The relief was immediate, and paved the way to health and happiness.

24411.—Mr. B. S.R.N., C.S, M.M.G.—Up to the present time Yeast-Vite tablets have never failed I have given them in cases where all other remedies failed Many of my patients would not be without them.

24118.—Dr. T V. N.—I am not guilty of the slightest exaggeration when I tell you that results from Yeast-Vite were simply astonishing. Severe cases of asthenia (general weakness.) Kindly send supplies to the four hospitals mentioned herewith.

17018.—Dr. N. writes: "I am prescribing the tablets regularly. Please send a box to my brother (invoice to me), as I want him to take the treatment."

18224.—Dr. P.: "I find the tablets an excellent tonic, and would thank you for a further supply to distribute among my patients."

25333.—I thought you might be interested in results of my test. Two influenza cases quickly cured. Tem. 104 brought to normal in 12 hours. Several headache patients' pain disappeared almost instantly.

25334.—I have suffered for years with anaemia, nerves and terrible coughs. Thanks to Yeast-Vite this is the first winter for years that I have not been laid up I am afraid to be without them.

25338.—For 18 years I have suffered terribly with my head and had to give up my work. On recommendation I tried Yeast-Vite and am now back at work and never felt better.

22741.—I shall feel eternally grateful to you for enabling me to regain my health and I shall never be without Yeast Vite in the house. I recommended them to six friends last week.

25274.—With unmixed pleasure I thank you for the tremendous benefit I have derived from Yeast-Vite. I am a commercial traveller and my business has increased with my energy and vim, namely, 40 per cent.

26041.—I do not know what I would do without the tablets and I live in fear of running short of them, as my complaint asserts itself as soon as I stop taking them.

21113.—As Matron of the Girls' Training Homes, I have found the tablets efficacious. I have also tested them thoroughly myself, and have been surprised to prove them to be such a real "lightning pick-me-up." I shall always have them by me in future.

22373.—Nurse A. L.: I was ready to go into hospital for gastric ulcer. The pain nearly drove me mad. Medicine made it worse, but Yeast-Vite stopped the pain in less than ten minutes! They are perfectly wonderful. I recommend them to everybody.

20643.—I have suffered with indigestion for eight years. The pain at times almost killed me, and I could not eat, sleep, or do anything After taking only four tablets the pains disappeared and I have had no discomfort since.

19997.—I suffered with stomach trouble for years, but, thanks to Yeast-Vite I am entirely cured, I have recommended them to many friends and they all speak highly of them.

21097.—Suffering with nerves and general run-down conditions, I tried lots of medicines without relief. I tried Yeast-Vite and can assure you that I feel 100 per cent. better.

19387.—Leading London Hospital (Secretary): "After a careful test we find Yeast-Vite as claimed and very satisfactory. We are now quite willing to purchase supplies.

21234.—I was miserable, irritable and nervous, but thanks to Yeast-Vite I am better in every way. Please publish this and let the public know how much good they have done me.

10080.—Send by return post, as I cannot be without them. I suffer so much with indigestion that they relieve me immediately.

17413.—I have spent a small "Fortune" on "cures" for my indigestion, biliousness, bad breath and pimples, but after a week's treatment I am already feeling a different man.

1737.—I have suffered for years with severe indigestion. Yeast-Vite is the only thing that has ever given me relief.

15672.—Being full of wind, heartburn and acidity, I often had to vomit. I now enjoy my food and life itself. No words of mine can adequately explain the merits of Yeast-Vite.

10335.—I have derived great benefit from a small box for nerves, headaches and bad liver caused by life in the engine room at sea.

1833.—Nurse W.: My patient finds them efficacious for headaches, clearing them of quickly.

19437.—The way they build up and restore the whole system is simply marvellous. I haven't had a cold or 'flu all the winter—quite unusual—and folks comment on my healthy appearance.

14535.—For 15 years I suffered with weak stomach, liver and sour taste. I am pleased to testify the treatment has cured me entirely.

10359.—They have done me so much good. I think they are wonderful. I feel they will make a new woman of me.

10220.—Please send as soon as possible, as I will be out of them by tomorrow and I am so uncomfortable without them.

19833.—We develop cold so quickly that the tablets are the only cure we have found.

18307.—Nurse K.O., Maternity Home: A medical friend recommended them for 'flu and "pleurisy." I cannot speak too highly of them and will lose no opportunity of recommending your valuable tablet.

49 DAYS' FAST.

GIRL BEATS RECORD--AND STILL CARRIES ON.

The world's fasting record has been beaten by a pretty Berlin girl, Lonni Avoted, who, at Cologne, went without food for 49 days, writes an English contemporary in mail week.

She has lost 22 lbs. in weight, but has decided to continue her fast. Hundreds of people hourly visit the glass case in which she is enclosed.

The man Jolly recently fasted for 44 days. Another fasting man, named Ventego, went 46 days without food.

He subsisted solely on water and cigarettes, and during his fast received love letters from unknown women admirers, says the Central News.

NEW WONDERS OF PLANT LIFE.

HINDU SAVANT'S GREAT USE OF SMOKE-RING.

Remarkable new discoveries in plant life were expounded recently by Sir J. C. Bose, in a lecture at University College, London.

At the outset he commanded attention by the statement that what the falling apple was to Newton a smoke-ring floating in the air had proved to himself.

For the completion of his experiments the Hindu savant explained that he wanted to use a magnet without its poles, and the sight of a smoke-ring gave him, the clue which led to the Resonant Recorder, the greatest of his inventions.

This remarkable instrument of surpassing delicacy and sensitiveness had helped him to the relevation of the great new fact in plant life of the relationship to each other of two distinct nervous impulses, the sensory and the motor.

He had been able not only to make the plant itself write out the duration of the infinitesimal time that it took to perceive a blow but to pick up, moreover, the message that was transmitted through its nerves to the centre.

His new apparatus automatically recorded a time as short as the thousandth part of a heart beat.

Equipped with these, Sir Jagadish explained that he could catch hold of an impression before it reached the centre, count its rate of progress, its intensity, and its speed. He could trap the return of orders from the centre calculate their rate of intensity, and judge their respective values.—"Daily Herald."

A RAILWAY TRAGEDY

E. B, R. GUARD ATTACKED

CALCUTTA, June 24.

An outrage of the most daring nature was committed this morning on an Indian Guard of E. B. R. who was found in an unconscious state with several injuries in his head. In front of the luggage van of 38 Down Parcel Express, in the train reaching Sealdah. The injured man who was recognised as Mr. B. K. Basu, a guard of the E. B. Railway was at once sent to the Campbell Hospital where he is lying in a preiarious iondition. The guard, it is stated, returned from his duty on Wednesday night and went to his house at Dumdum. He was to have joined duty at Baraipur early this morning. He was seen at Dum Dum half an hour before the departure of the parcel express van, in which the injured guard was found. Foul play is suspected and the police are making enquiries.—Free Press.

COSTLY WATER SUPPLY IN SUBURBS

To The Editor of "The Chronicle."

Sir,—The discontent of the residents in the Suburbs against the cost of water supply is now gaining force and is manifested in meetings of protests and communications in the Press. Mr. Hiralal M. Desai, whose article on this subject appeared in your issue of the 22nd instant, rightly sees that isolated protests will have no value and the real remedy for this and other grievances of local administration lies in being united in asking for a City Municipality for the suburbs of Khar, Santa Cruz, Ville Parle and Andheri, combined. Unfortunately a wrong lead was given to this question by the local luminaries at Ville Parle by asking for a separate municipality for the place on the strength of population. Government also, I understand, are in favour of a Joint City Municipality for these suburbs, but they are unwilling to act till there is unanimity in the suburbs on this demand. The present constitution of the Notified Areas Committtees is condemned by the Committee of Local Self-Government in Salsette and the opinion is accepted by Government, yet the Collector has notified fresh election of these N. A. Committees for a fresh term of three years. This means that Government propose to take no action in improving our local administration till we are unanimous in demanding a joint municipality. Let the Ville Parle Association pause and think whether they will now revise their opinion in the common interests of the suburbs or allow this unsatisfactory local administration to continue. Our water and other questions will not be solved as long as we are isolated.

As regards the rate of water charges, the addition of 70 per cent. for cost of management by the Development Department is obviously exhorbitant. It is one more proof of the failure of the Department and necessity of its early abolition. The Department estimated to spend 25 lakhs for the Salsette water supply scheme as a whole, a great part of which is wasted in providing mains to that Utopian Garden City of Chembur and Trombay which have, however, failed to attract residents. For this miscalculation of the Department, the consumers of water in the suburbs have to pay. The Department has no right to tax people at Khar, Santa Cruz and Andheri for their unproductive water mains in Chembur and Trombay. If this is not true let the Department come forward and explain why they charge 70 per cent. for management and distribution. Sir George Lloyd in introducing the Bombay Development Bill in the Bombay Council on 3rd August, 1920, stated that "the Development Directorate will secure an adequate water supply for the whole of Salsette when it is developed as an Urban area. Provisional arrangements for the immediate future have been made with the Bombay Municipality, but it is probable when the area is developed, this will be inadequate. If this is so, an alternative supply must be obtained." Let the Development Department now invite leading residents in suburbs and discuss the question and explain them their water supply policy. If there is need for an alternative water supply let it move in the matter with the consent of the people concerned.—Yours, etc.,

TESTIMONIALS.

Katchery Road, Mylapore (Madras).
17th January, 1924.

Dear Sir,

After wearing your Sri Hanuman and Lakshmi Kavachas I am glad to inform you that I got an order of appointment from the Agent of Tiruvannamalai Atheenam who was here as Superintendent of Mylapore Mutt and the properties in Madras Cities and adjoining parts. I am fully relying that your two Kavachas will bring me a prosperous stage. My brother, Mr. Neelakantan, also succeeded in his affairs and got an appointment at Tinnevelly only after using your extremely powerful Kavachas.

Dear Sir,

Please accept my sincere thanks and hearty congratulations for your sacred and holy "Hanuman Kavacha," your No. 408 dated 6—10—1924, so kindly sent by you. I am glad to inform you that by wearing it according to the given instruction I not only got success in the Intermediate Compartmental Examination but also got promotion from 3rd year to the 4th year class without the least botheration. I further declare that the compartmental examination of the B. H. U. is of stiffer kind for one has to secure at least 2nd class marks to pass that University examination. In this way I got double success.

Dear Sir,

You must remember that you were kind enough to give one "Hanuman Kavacha" for my brother. The object in view was to win the cases he was engaged in. Curious enough to inform you that my brother's wife saw the "Lord Hanuman" in dream white and glowing body with a green flag in his hand and told her that we were to win the case, and accordingly it happened.

The Famous Actress, Film Star & Beauty Specialist *writes:*

"THE greatest factor in the acquisition of beauty is Good Health, therefore I want to pay my tribute to Phosferine, for I find that its regular use fortifies me against both mental and physical strain. As you know, not only do I do a tremendous amount of film acting, but I was also Leading Lady in the charming little comedy—'Polly Preferred.' Very few members of the audiences which come and enjoy such a play as this, can have any idea of the great effort required happily and amusingly to sustain a part, day after day, on the stage without experiencing that nerve strain that plays havoc with one's looks. To keep one up to the pitch with no feeling of lassitude, believe me, Phosferine is the tonic 'Polly Preferred'."

Learn the one secret that every successful man and every fascinating woman knows—PHOSFERINE—the unfailing means of keeping vigorous and obedient nerves. Phosferine makes you well and keeps you well, and is given with equally good results to children.

EDUCATIONAL MOVEMENT IN GUJARAT

DEVELOPMENTS IN ART AND LITERATURE

(FROM OUR CORRESPONDENT.)

HYDERABAD (SIND), June 21.

A conversazione was held at the Besant Hall on Thursday evening when Acharya Gidvani spoke on some of his experiences in Gujerat and Kathiawad. He said that he noticed a ditinct tendency in Gujerat towards the establishment of small Ashrams where devoted men were working. The glamour of large numbers and monster intitutions in towns was giving way to small 'tapohans' in remote corners in the beauty spots of Gujarat.

Acharya Gidvani also spoke of recent developments in Literature and Art in Gujerat and regretted that these movements have started too late to save the beautiful temples of the Jains on top of Girnar from the tender mercies of rich votaries who have recently spent six lakhs to smooth out the carved surface of the walls of those temples to cover them with oil paint!

HINDU MONUMENTS.

Referring to the neglected state of the Hindu monuments at Somnath, the speaker said that it was only when he looked at the neglected ruins of the temple of Somnath that he realized the debt that India owes to Lord Curzon for saving the monuments in British India from a similar fate.

EDUCATIONAL MOVEMENTS IN GUJARAT.

Among the pioneer educational movements n Gujarat, Acharya Gidvani specially sopke of the Purani Brothers' work in Broach, Shuklatirtha Ashram of the Theosophists, the Supa Gurukul of the Arya Samajists, Dakshna Murti Bhavan at Bhavnagar, the Sharda Mandir of Ahmedabad, besides the Vidyapith and the institutions growing under its auspices. It is a mistake, the speaker pointed out, to represent the National Education Movement as being dead. In Gujarat the shape it was taking seemed to him to be full of hope.

LEAVING NO STONE UNTURNED

EX-SUB-INSPECTOR'S ATTEMPTS TO VINDICATE HIMSELF

CALCUTTA, June 24.

An interesting application was made today at the High Court by an ex-police officer relying on the opinion expressed by the Privy Council. Bilas Banerjee, formerly a police sub-inspector was convicted in 1922 by the Sessions Judge of Mymensingh of criminal breach of trust and misappropriation and sentenced to two years' rigorous imprisonment.

Banerjee appealed to the High Court but the appeal was dismissed. In 1923 after serving the full period of sentence, Banerjee went to England and personally moved the Privy Council. Their Lordships of the Privy Council while expressing sympathy with Banerjee returned his application remarking that as the Privy Council was not a court of appeal thty were afraid they could not help him in the matter. They, however, advised him to apply to the Calcutta High Court for a review of the judgment of the Divisional Bench which disposed of his appeal.

To-day Banerjee applied to the Chief Justice in person to constitute a special bench to hear his review application. The Chief Justice directed Banerjee to make his application before the Criminal Bench. Bannerjee next renewed his application before Justices Rankin and Chotzner who directed the District Judge of Mymensingh to send records of the case and fixed Monday week for the hearing of the application.—A. MYSORE BUDGET DISCUSSION.

MYSORE, June 23.

The Budget estimates are now being discussed and interpellated. Mr. Sylvester Pais, (Independent) speaking on it advocated a vigorous policy of afforestation and development of forest industries including the selection and curation of matchwood. He supported the temporary utilisation of the famine reserve fund and interest and proposed a long term loan and hoped these would permit a larger expenditure on improvement of tanks and roads. Regarding the Government railway programme he expressed popular dissatisfaction and urged the early construction of Mangalore-Hasan-Chichmagalun line. He congratulated the Government on the recent move in the direction of harnessing the torrential rains of Malnad. In conclusion he pleaded for a better representation of the backward classes in the Council. The discussion continues.—A. P.

STOMACH SUFFERERS SHOULD EAT SLOWLY

Hurried meals are a fruitful cause of digestive pain, and stomach sufferers are advised to eat more slowly. But there are many people who take a reasonable time to eat their meals, yet suffer stomach pain just the same. Their need is Bisurated Magnesia—a pure, harmless remedy that instantly neutralises the pain-causing stomach acid. With the acid gone, normal, healthy, digestion takes place and you feel splendidly, undeniably better day by day. Eminent doctors prescribed and recommend Bisurated Magnesia hospitals use it, and chemists everywhere sell it, in either powder or tablet form. *Try it once and see the instant relief you get—there's nothing else one half so good!*

DESECRATION AT MECCA

MADRAS MUSLIMS' RESENTMENT

MADRAS, June 24.

At a mass meeting of the Shiah community of Madras with a few Sunnies present it was unanimously resolved that cablegrams should be sent to H. I. M. the Shah of Persia, the Imam Yaha of Yaman, the Hon. Amir Ali, H. H. the Aga Khan, Abd Khan, King Feud of Egypt and telegrams to H. M. the King of Afghanistan inviting their attention to the atrocities committed at Medina and requesting redress at their hands, that telegrams be sent to H. E. the Viceroy through the local Government requesting him to press Ibn Saud under international rules for the preservation of the religious liberty of Shiah pilgrims at Mecca and Medina, that telegrams be sent to H. E. H. the Nizam of Hyderabad thanking him for his endeavours to repair the demolished tombs at Mecca and requesting him to extend his generosity towards the damages done at Baki in Medina.—A. P.

MUSIC BEFORE MOSQUE

MR. JAYWANTS' REMEDY

NAGPUR, June 23.

Rao Bahadur Jaywant, M.L.C., Nagpur, in a communication to the Press on the Hindu-Muslim tension over the question of playing music in front of mosques says that there is political rivalry—the craving for the loaves and fishes of office, the desire to establish a Hindu raj on the one hand and a Mahomedan rule on the other. "Religion in danger" is a false cry raised on both the sides. The Mahomedans' objection to the playing of music before mosques is based on the disturbance caused to them while they are saying their prayers and not to music as such. Mosques have been built in India at all manner of places—in the quietest of corners and in the busiest of thoroughfares. The original builders of these mosques must be presumed to be more devout than the congregation of Muslims who now frequent the mosques and that they must have taken into account the disturbances due to the traffic in the thoroughfares. The Muslims of to-day may be said to have become more sensitive than their devout predecessors. The original builders have invariably provided the mosques with compounds large enough to render the noise outside innocuous in their opinion at least.

REMEDY FOR THE TROUBLE.

He suggests that if these compounds are made large enough to satisfy the increased sensitiveness of the present day Muslims the trouble will be at an end. The extension of these compounds seems to be a remedy for the trouble. The devout Mahomedans, whose only object is to secure freedom from disturbances in their prayers, will at least be satisfied. Mahomedans who apparently think it derogatory to their dignity to allow processions with music to pass by the main entrance of mosques should build a screen wall in front of the entrances. If this is not considered enough the building of the small compound will, with only a small gate make it impossible for any procession to pass by the main entrance of a mosque. If neither of these proposals find favour a drastic remedy is available; that is, to convert the highways in front of such mosques into byeways so that no big procession can pass in front of them. It will also be necessary to prepare a register of mosques showing the dimensions of the compounds they possess and the positions of the main and subsidiary entrances. Provision will have to be made in the law of the land that no mosques should be built hereafter without the permission of some authority whose duty should be to see that a sufficiently large compound and a screen wall or double compound with the main and subsidiary entrances properly located are provided for. Something along these lines will have to be done for a permanent solution of the problem.—A. P.

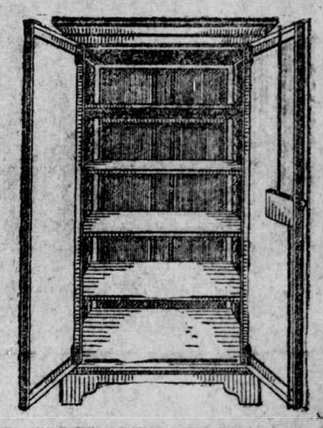
FOR HOME AND OFFICE USE



"WE WISH YOU THE BEST OF BUSINESS"
WEST END WATCH Co.,
Bombay, May 6th, 1926.
Post Box 62

Messrs. GODREJ & BOYCE MANUFACTURING CO., BOMBAY
Dear Sirs,
We have received the fifteen steel cabinets we had ordered and are pleased to say that we find them satisfactory in every respect. They are cleverly designed and very substantially finished and we consider them of extremely good value for the Rs. 200* each that we paid. These cabinets should appeal to all who require something far stronger than the ordinary teak almirah yet not so heavy and expensive as a safe. We are sure that you can make this a very successful line and wish you the best of business.
Yours faithfully,
(Sd.) West End Watch Co.

TESTIMONIALS.

The "ANDHRA PATRIKA" (TELUGU Reading Daily) Madras, writes on 8th February, 1924.

We received on 7th November 1923 from Hanumadupasi V. K. Sadagopachariar, Tiruttani, a letter (published in our issue of 12th November 1923) predicting that Mahatmaji will be released on 5th February 1924 at 7 a. m. It so happened. We heartily commend the marvellous capabilities of this Astrologer to the public.

V. N. RANGASWAMI IYENGAR AVL.

HON'BLE MANAGING DIRECTOR,

THE SUKHODAYAM Co., Ltd., ARNI.

I am a sceptic not in religion or politics but in Astrology. There is absolutely no dearth of astrologers in our country but there is certainly a great demand for good and true astrologers. Mr. SADAGOPACHARIAR is an astrologer of great repute and is on all hands acknowledged to be not only a reliable and efficient exponent of Indian astrology but also an accurate foreteller of events. He has to a great extent dispelled my sceptism and has given me good proof to revive my faith in astrology I can very confidently and exclusively recommend him to friends and foes alike.

"SWADESAMITRAN (A LEADING TAMIL DAILY) MADRAS :—

Modern civilisation condemns our sastrams such as astrology and others to be false. The innumerable present-day advertisements about astrology are nothing except for earning and amassing wealth. But I was thunderstruck and amazed to look at the publication about the exact predictions of M. R. RY. V. K SADAGOPACHARIAR about the release of MAHATMA GANDHI. Besides, we must really congratulate him for his marvellous experience in astrology and thank him ever.

V. S. PERI AYYA, Vattakollai, CEYLON.

In the year 1925 one of the astrologers has predicted that I will get much wealth through a lottery. But Mr. V. K. S. CHARIAR OF TIRUTTANI has assured me that I will not succeed in lottery. It so happened. Therefore I ordered for 5 years' life reading which costs Rs. 7-8

TESTIMONIALS.

Tiruttani 24th November 24.

I have great pleasure in certifying to the accuracy of the astrologic calculations made by Sreeman V. K. Sadagopachariar, Gandhi Astrologe Tiruttani. In my opinion, he is one of the great Astrologers of South India and he is ardent admirer of the great Hanuman, under whose inspiration, he is able to do miraculous work.

My dear & Revered Sir,

I am very much pleased with the accuracy, I find in the observance of my annual reading prepared by you. I highly appreciate your work. I am really quite surprised of your wonderful proficiency in your predictions. Your readings, which are par-excellent and outweigh the calculations of even Prof. Rox Roy, Prof. Zazra and other eminent European Astrologers, will be of invaluable service to any one in the affairs of life. It seems you are endowed with special gift in the Astrological science and your forecast of events will not fail to gain the admiration of one and all. You are as it were Almighty Providence and you deserve the highest gift.

Your most devotedly,
